## GCSE MARKING SCHEME

MATHEMATICS
NOVEMBER 2010

## INTRODUCTION

The marking schemes which follow were those used by WJEC for the November 2010 examination in GCSE MATHEMATICS. They were finalised after detailed discussion at examiners' conferences by all the examiners involved in the assessment. The conferences were held shortly after the papers were taken so that reference could be made to the full range of candidates' responses, with photocopied scripts forming the basis of discussion. The aim of the conferences was to ensure that the marking schemes were interpreted and applied in the same way by all examiners.

It is hoped that this information will be of assistance to centres but it is recognised at the same time that, without the benefit of participation in the examiners' conferences, teachers may have different views on certain matters of detail or interpretation.

WJEC regrets that it cannot enter into any discussion or correspondence about these marking schemes.

## PAPER 1 - FOUNDATION TIER

| 2010 Autumn Paper 1 (Non calculator) | Marks | FINAL POST CONFERENCE MARK SCHEME (13/11/10) Comments (Page 1) |
| :---: | :---: | :---: |
| 1. (a) (i) 4206 | B1 | C.A.O. |
| (ii) sixteen million | B1 | Ignore extra units such as £. |
| (b) (i) 61 | B1 | C.A.O. |
| (ii) 24 | B1 | Accept embedded answers such as $24+38(=62)$ |
| (iii) 21 | B1 | Accept $7 \times 3$ OR $3 \times 7$ |
| (iv) 36 | B1 | Accept $6^{2}$ but not 6 |
| (c) (i) 8620 | B1 | C.A.O. |
| (ii) 9000 | B1 | C.A.O. |
| (d) 1, 3, 11, 33 | B2 | B1 for any 2 or 3 factors and no incorrect numbers. OR all 4 factors and 1 incorrect number. Ignore repeats. |
| (e) 20/2.99 OR 20/3 | M1 | Award M1, A0 for unsupported 6.6(6...) OR 6.7 OR for a 'repeated addition' method which clearly shows that the pupil is finding the maximum number of ( $\mathfrak{f}) 2.99$ in ( $\mathfrak{f}$ )20. Look for (£)17.94 OR (£) 20.93. Ignore change |
| $=6$ | $\begin{aligned} & \mathrm{A} 1 \\ & 12 \\ & \hline \end{aligned}$ | C.A.O. |
| 2. (a) $\frac{2}{6} \frac{5}{15}$ | B2 | B1 for any 1 correct and up to 1 incorrect OR for 2 correct and 1 incorrect. |
| (b) $£ 5-34 \mathrm{p}-£ 1.27 \quad \underline{\text { OR }} \mathbf{£ 5 - £ 1 . 6 1}$ | M1 |  |
| = (f) 3.39 | A1 | $\begin{aligned} & \text { OR } 339 \text { OR 339p } \\ & \text { SC1 for } £ 339 \end{aligned}$ |
|  | 4 |  |
| 3. (i) an even chance | B1 | C.A.O. |
| (ii) certain | B1 | C.A.O. |
| (iii) likely | B1 | C.A.O. |
|  | 3 |  |
| 4. (a) (i) 31 | B1 | C.A.O. |
| (ii) 60 | B1 | C.A.O. |
| (b) $3=30(\%)$ | B1 |  |
| $\frac{1}{4}=25 \underline{(\%)}$ | B1 |  |
| $\frac{1}{4}, 28 \%, 3$ OR equivalents | B1 | If no answer offered on the dotted lines, allow the first two B1s if $30 \%$ and/or $25 \%$ seen in subsequent work. <br> F.T. their values. <br> Unsupported correct list gets final B1 only |
|  | 5 |  |
| 5. (a) 912688 | B2 | B1 for any three/four correct frequencies |
| (b) 1 | B1 | If frequencies score 0, then give B1 for all 5 correct tallies. F.T. their table of frequencies |
|  |  | B0 for 12, but B1 for land 12 |
| (c) $0,1,2,3, \mathrm{M}$ along one axis | B1 | OR indicated on the bars themselves |
| Uniform scale <br> (No numbers interpreted as 1-12 in ones) | B1 | F.T. their table of frequencies. <br> Use of any other scale must be clearly indicated on graph |
| Five bars at correct heights | B2 | B1 for at least 3 correct bars on F.T. Bars can be of varying width |
|  |  |  |
| (d) (i) 6 (/40) I.S.W. | B1 | F.T. 'their 6'. Ignore incorrect reduction |
| (ii) No highest number of goals given | E1 | Along these lines |
|  | 9 |  |
