

12 March 2018

Dear Parent/Guardian

Easter Holiday Workshops

As we approach the Easter break and the formal examination period not long after that, we would like to inform you of our plans to support your son or daughter over the remaining weeks as they prepare for their GCSE examinations.

During the Easter holidays, our staff are offering several opportunities to complete some intensive revision across a number of subject areas. We have coordinated this to ensure subjects are not in conflict with one another where possible, allowing your child to take full advantage of this excellent opportunity to build upon the work they are completing at home. We have included a timetable of the sessions available and students will have also been informed by their specific teachers as to which sessions they should attend. Students are not required to wear uniform for these sessions and should also ensure they bring any food or drinks with them as the school canteen will be closed during the holiday. We will send text messages during the holiday as a reminder.

All of these sessions, while important and incredibly useful to our students, are not enough alone to prepare for the summer exams. It is vital that students are planning to revise on a regular basis from this point onwards. Work completed in school lessons, intervention, after school sessions as well as home revision hold the key to success and our students achieving the grades they deserve.

If parents or students would like support in planning their revision or any other advice about the GCSE exams then please do not hesitate to get in touch with us.

We would like to wish you all an enjoyable and restful Easter and we look forward to welcoming our Year 11 students during the holidays and back once again for their last term and the final stages of preparations for their exams.

Yours sincerely

Mrs H Savva
Assistant Headteacher
