Ysgol Rhiwabon Prom 2019

The Ysgol Rhiwabon Year 11 Personal Profile Ceremony was held on June 20th with the prom following the ceremony at the Llyndir Hall Hotel.

On a dry and warm evening, the Year 11 students met at the school, with just over 250 parents and family members waiting to greet them where they had plenty of time for photographs on the immaculate school grounds.

Ella Williams, Jess Oakley, Sophie Evans and Harley Cawthorn

Seren Williams and James Owen

There were some marvellous vehicles on show bringing students to the ceremony from a range of vintage cars to large trucks, motorbikes and numerous supercars.

The Personal Profile Ceremony was hosted by Mrs Lisa Steen, Lead Learner for Year 11, with the Profiles presented by the Chair of Governors, Mr, Keith Benning and Headteacher, Mrs Melanie Ferron-Evans.

Mr Keith Benning, Chair of Governors said:

'It is a privilege to see our Year 11 students and recognise the journey that they have been on since their time with Ysgol Rhiwabon began. The Governors and staff wish them well as they venture into the wider world and the school sends their best wishes to all of them for the future'.

The students then travelled to Llyndir Hall Hotel for their Prom. Party.

Transport Minister Ken Skates has agreed funding of £25m Bus Service Support Grant (BSSG) for 2019-20, citing reform as a driving force to improve transport networks across Wales.

The aim of the Welsh Government funding, which began in 1998-99, is to supplement local authorities' expenditure from their own budgets in supporting the bus and community transport networks in their areas.

In recent years, however, a small but significant number of councils have reduced or removed entirely from their budgets any funding to support bus and community transport services. This means the Welsh Government's BSSG allocations are effectively replacing funding from authorities' own budgets.

Transport Minister Ken Skates said:

As a government, we need to review our own expenditure to ensure that, given the challenging financial circumstances in which we all find ourselves, we achieve the most beneficial outcomes for the bus network, and bus passengers.

I urge the local authorities to ensure they use the bus services support grant, in addition to their own revenue support grant, wisely, for example to assist people in getting to and from non-emergency appointments.

We also have plans to carry out other innovative pilots in West and North Wales. I will be providing further details about these pilots in the near future.

It is my view that demand-responsive transport, working in tandem with community transport services, could offer solutions across the length and breadth of Wales that, to date, have not been deployed. But it will require those radical reforms that are outlined in the White Paper.

The White Paper, Improving public transport, sets out ambitious proposals to improve the legislative framework for how local bus services are planned and delivered, together with reform of the licensing regime for taxis and private hire vehicles (PHVs). It puts forward a range of options to empower local authorities to determine the most appropriate model for providing bus services in their area, and for tackling the inconsistencies and challenges with the licensing of taxis and PHVs. Ken Skates added:

Using the new powers we have gained in the Wales Act 2017, we can reshape the public transport network in a way that supports our ambition to increase the number of people using public transport and encourage travellers to switch from private car use; reducing pollution and congestion."

Children's Swimming lessons @

Chirk Leisure Centre

At Freedom Leisure we offer an extensive inclusive swimming program at our venues. We deliver the Swim Wales aquatic framework and all our team are trained ASA swimming teachers. Our classes ensure improved water confidence and swimming technique by allowing the individual to progress at their own pace.

We now have spaces available on our Wave 1 sessions.

Wave 1 aims to develop confidence and safety in the water, and when getting in and getting out of the pool. Learn basic floating, sculling and breathing techniques. Start to learn front crawl, backstroke and ether breaststroke or butterfly, with aid if needed.

Please contact Chirk Leisure and Activity Centre for further details;

The importance of children leaning to swim

A recent report by the Amateur Swimming Association (ASA) shockingly revealed that more than half of children aged seven to eleven years old are unable to swim a minimum of 25 metres unaided, meaning that just over one million children in the UK are potentially unsafe in and around water and therefore at risk of drowning!

We are passionate about helping children to learn to swim and work in partnership with the ASA in England and Swim Wales to deliver nationally recognised Learn to Swim Pathways, supporting children from their first splash to being happy and competent
