

# GCSE Art and Design- Coursework

## Action Plan

For students with coursework books continue to carefully work through them meeting all the criteria below. If you have been unable to have your sketchbook before school closed, work on good quality paper, the work you complete can then be added to your sketchbook.

1. One A3 page- **Compare and contrast** two of your chosen artists.
2. One A3 page- Develop an **Artist mix up** page, chose one of your own photograph's and incorporate both of your (compare and contrast artists) within the drawing, add colour in the media of your choice.
3. Title page - **Design Ideas**. Double page- Create 4 design ideas that closely link to your theme, including your chosen artist's style based on either Distortion or Environment. For the designs you need to think carefully about how you are going to make them. For example, will it be a painting on canvas, a modelled sculpture a textiles piece or mixed media outcome. If you are unsure of any of these terms do your research before making a choice.
4. One A3 page- Draw out your **final design idea** explain how you are going to create this piece.
5. Develop your outcome as you have explained in your final design task.

Remember your coursework is worth 60% of the overall mark, so work to the best of your ability and try and get all of these tasks completed.

If you are unsure of any of the information provided above please contact the school office via the telephone or email the school.
