

History GCSE

Hi everybody,

Firstly, I hope you and your families are all safe and well, and you are taking care of family members.

The work that I am going to assign now is the first section of the History GCSE course. I fully realise that you all haven't opted for History in Year 10, but I am expecting you all to complete this work regardless of that. Things change and you might find yourself studying History GCSE, if that is the case you don't want to be at a disadvantage to the rest of your class. Additionally, this subject is new to all of you, and as discussed throughout the year, during the summer term Ms Gittins and I will be teaching this topic to you, if we are back in school ☺

The first unit I will be teaching in Year 10 is Germany in transition 1919 to 1939. This topic is divided into 7 Key Questions (KQ):

KQ1 = The Impact of the Treaty of Versailles

KQ2 = Recovery of Weimar

KQ3 = End of Weimar Republic

KQ4 = Consolidation of Power

KQ5 = Nazi Economic, Social and Racial Policy

KQ6 = Terror and Persuasion

KQ7 = Hitler's Foreign Policy

The focus for this set of work is KQ1 – The Impact of the Treaty of Versailles. I have attached a PowerPoint with a summary of all the key themes within it and a 'clock' for you complete. Hopefully it should become apparent to you, when you open it, what you have to do. It is a simple note taking exercise.

If you have any questions, please get in touch with me.

Hopefully I will see you soon,

Mrs Wright-Davies
