Making the right choice for your child

Building success based on firm foundations...

"This is our school, these are our expectations"

THE 5 GOLDEN RULES

1. We will all treat each other with respect.
2. We will all work hard to get the very best from each other.
3. We will allow teachers to teach and students to learn without interruption.
4. We will be safe in each other's company and not fight or bully each other.
5. We will care for and take pride in our school and local community.

What our new Year 7 Parents have said this year about our school...

"The induction helped my daughter to integrate gradually into lessons. It made her more familiar with different classrooms and finding her way around".

"Knowing the students are closely watched made the transition easier for me as a parent".

"It was lovely to attend the SWAN induction. It helped to see my daughter enjoying the school environment with her new friends and teachers. Nice to see and hear what she has been doing in her first week at secondary school. Thank you".

"Keep on going with your fantastic ideas for making the transition from primary school as smooth as possible".
