

# RUABON NEWS LETTER 428

13.06.2022

## **The Craft Group at the Ruabon Bowling Club and their Jubilee Celebration:**

The Craft group had their usual get together on the 30<sup>th</sup> May 2022 and decided to celebrate the Queen's Jubilee with a celebratory Tea Party. They decorated the bowling pavilion with bunting and flags along with pictures, magazines, and memorabilia of bygone times with the room looking warm and inviting in red, white, and blue.

Individual group members had prepared traditional fayre which obviously included the British sandwich and cup of tea/coffee along with some alcoholic "fizz" and some sherry too.

Unfortunately, George the Bowling Club Gorilla, had got to the alcohol first and was looking a bit worse for wear as you can see from the photo. However, the ladies said that he was quiet all afternoon sleeping it off and didn't disrupt their celebrations.

One of the ladies dressed up as a maid and served the drinks to the other members so that they could raise a toast to the Queen and her remarkable:

**"70 year reign and service** to the British and  
**Commonwealth Community".**

It was a lovely afternoon with lots of nostalgic discussion around memories and recollections - the Craft Group did themselves and the bowling pavilion proud with George the gorilla looking on (or perhaps gate crashing)

**the very special party!**

# **PREPARE TO GET WET AND MESSY!!**

## **PLAYDAY IS BACK FOR 2022**

Wrexham will once again be celebrating National Playday with an event on Queen's Square and Llwyn Isaf on Wednesday 3rd August from 12noon to 4pm.

Playday is for people of all ages including babies and toddlers, older children, teenagers, parents, professionals and grandparents and you're all invited to join in this free and playful event.

There'll be favourites like the giant sandpit and of course water fights and loads of opportunities for children to get stuck in and just have a great time. All you need to bring is a playful mood and some clothes you don't mind getting wet and messy. It's also a great day for a picnic.

The aim of this event is to highlight children's right to play, encouraging people to recognise the value of playing to children, their families and their local communities. In doing this Wrexham's Playday event is part of the local authority's continued commitment to try to ensure that all the children across the county borough have enough time, space and permission to play.

## LIBRARY NEWS: READING FOR FUN

A love for reading can be hugely valuable for children. The benefits of leisure reading include increased general knowledge, a positive impact on academic achievement, enhanced reading ability and vocabulary growth.

Research suggests that time spent reading for pleasure could be a key indicator for the future success of a child. Reading aloud too fosters a love of books in children, and helps children associate reading with pleasure.

If you would like to support your children's reading with fun and accessible books to read why not give your local library a call and have a chat with the staff to find the right books for your children?

## TfW services impacted by Industrial Action

Good morning,

As you may know, The National Union of Rail, Maritime, and Transport Workers (RMT) has announced that strike action will take place on **Tuesday 21 June**, **Thursday 23 June**, and **Saturday 25 June**, which will significantly disrupt the rail network across the whole of the UK.

Transport for Wales is not in dispute with RMT. However, the industrial action resulting from the dispute between RMT and Network Rail means we will be unable to operate our rail services on Network Rail infrastructure.

We want to assure you that we are working through the details to help our customers understand how they might be affected. We will provide an update for our customers via the TfW website as soon as the details have been finalised.

### **Our Services**

The majority of rail services across the Wales and Borders network will be suspended, with the exception of

services on the Core Valley Lines (CVL) north of Radyr in South Wales.

There will be services to/from:

- **Radyr to Treherbert, Aberdare and Merthyr Tydfil (reduced to an hourly service in each direction), with a bus service connection to Cardiff Central Station. We expect these services to be very busy.**

There will be no services on the CVL routes to Rhymney, Coryton, Cardiff Bay and the City Line as signalling for those lines is operated by Network Rail.

There is also expected to be disruption on the days prior and after the industrial action. We will release more information as soon as possible.

### **Existing Tickets**

Customers with existing non-season tickets valid for travel from Tuesday 21 June to Saturday 25 June can use those tickets anytime between Monday 20 June and Monday 27 June. Alternatively, customers can claim a full refund, with no admin fee charged. Season ticket holders can apply for compensation via Delay Repay.

In the meantime, we're suspending sales of Advance tickets for the first three strike dates in order to minimise the number of people disrupted. We're advising customers continue to check the TfW or Traveline websites, and those of other operators, for updates.

Yours faithfully,

The Community and Stakeholder Engagement Team at  
Transport for Wales

**(Please find attached information regarding how the forthcoming industrial action by the RMT, will affect TfW services.)**

## **£4m to help people with soaring fuel costs**

Some of the most vulnerable households in Wales will receive further help with soaring energy bills, as Social Justice Minister Jane Hutt launched a £4m fuel voucher scheme.

The extra help will be targeted towards people with pre-payment meters and households not connected to mains gas.

It comes as figures show people on pre-payment meters in North Wales have been the hardest hit in the UK by rising standing charges, with costs increasing by 102%.

Standing charges for people on pre-payment meters in South Wales have risen by 94% - the fourth highest in Britain.

The £4m of new funding will enable the Fuel Bank Foundation to introduce a national voucher scheme, providing direct support to eligible households on prepayment meters and those not connected to the mains gas network.

Nearly 120,000 people on prepayment meters will be eligible for approximately 49,000 vouchers to support them during the cost-of-living crisis.

Vouchers will range from £30 in summer months to £49 in winter, with households receiving up to three vouchers over a six-month period.

The £4m will also include a Heat Fund, which will provide direct support to eligible households living off the gas grid, which are reliant on heating oil and liquid gas. This will help an estimated 2,000 households across Wales.

**Speaking as she visited a foodbank in Wrexham today (10 June) to see the support available to people trying to balance rising energy costs with putting food on the table, Social Justice Minister Jane Hutt said:**

*"The cost-of-living crisis is having a devastating impact on people in Wales.*

*"Today, nearly half of all households in Wales are at risk of falling into fuel poverty. This is deeply shocking.*

*"We are investing an extra £4m in the Fuel Bank Foundation to roll-out a national scheme that covers the whole of Wales and supports people most in need.*

*"This extra help is for people on pre-payment meters and for those who are not on mains gas or electricity - both ignored by the Chancellor in his latest package."*

The extra funding and target support comes as households across Wales are struggling to pay higher energy bills, exacerbated by the increase in the domestic energy cap rise in April. People with prepayment meters are the most susceptible to rising costs and increased standing charges. Those on default tariffs paying by direct debit have seen a typical average household energy bill increase by £693 a year, while people on prepayment meters have been hardest hit, with increases of £708 a year.

Households not connected to the mains gas network are also suffering from rising fuel costs and being forced into fuel poverty, with approximately one in 10 households reliant on heating oil in Wales.

Many have reported the cost of heating oil has more than doubled over the past two months. A delivery of 500 litres normally costing approximately £340 can in some regions now cost upwards of £750.

**Matthew Cole, head of Fuel Bank Foundation, said:** *"We are extremely grateful for the support from the Welsh Government, particularly at a time when people are really struggling to cope financially with the cost-of-living crisis and soaring energy bills.*

*"The funding will enable the Fuel Bank Foundation to continue providing vital services to the most vulnerable in society, to ensure they don't go cold or hungry this winter,*

when they can't afford to top up their prepayment gas and/or electricity meter. This support will also extend to households who live off the gas grid and rely on solid fuels such as oil, wood or coal to heat and power their homes. "Furthermore, it will enable us to expand our operations and capabilities across Wales, with a Fuel Bank centre in every local authority, which will be up and running in time for autumn, when the weather starts to turn colder." - ENDS -

### IMPORTANT UPDATE: PAPYRUS Restructure

You may have heard this from other people, but in case you haven't, this is a quick note about a small restructure we have had in PAPYRUS.

Kate Heneghan, who was previously our Head in Wales is now going to be Head of Community Services (UK) for PAPYRUS and I am now Area Manager for Wales, having previously been our Regional Manager for PAPYRUS's work in south Wales.

Dewi has stepped down as regional manager for north Wales to go and work for WLGA.

There will be a little bit of a gap in staffing in north Wales at this point, but if you do have any enquiries or things to pick up on, do please feel free to use any of the contact details below to get hold

of me. Any regular forums or meetings that Dewi attended, I will be happy to pick up on.

I look forward to meeting you all in due course.

## Clinical Services Strategy

We are welcoming input from our citizens to help us in developing and improving health services for North Wales.

Betsi Cadwaladr University Health Board is developing a Clinical Services Strategy to shape future health care for the population of North Wales. The Clinical Services Strategy will help us plan for the changes needed to ensure our services meet the health needs of the people of North Wales in the years ahead. This strategy builds on our longer-term vision for health and wellbeing set out in our overarching Health Board strategy 'Living Healthier Staying Well'.

To help inform and shape the Clinical Services Strategy we are seeking the views our staff, partners, and the public. In particular, we want views about these four key elements:

- Our Clinical Vision for North Wales: What we want our work to achieve.
- Guiding principles: The rules to help us to develop our plans.
- Design for the future: The features that are important in developing proposals to make the changes we need.
- Our enablers: The key resources we need to make the Strategy a success.

Have your say via our public questionnaire [here](#).

**The deadline for completion of the questionnaire is 30 June 2022.**

Please visit the Health Board's [website](#) for further information.

### Public Policy Exchange Webinar: Informal Carers: Providing Greater Support to Relieve Financial and Emotional Pressure

**Thursday, 16<sup>th</sup> June 2022 | 9:30am – 1:00pm**

#### **Key Speakers:**

**Emily Holzhausen**, Director of Policy and Public Affairs, Carers UK

**Clare Kassa**, Chief Executive of Sibs

**Charlotte Paddison**, Senior Fellow at Nuffield Trust

**Laura Bennett**, Head of Policy and Public Affairs, Carers Trust

There are an estimated 13.6 million unpaid carers in the UK, following an increase of around 4.5 million since the beginning of the pandemic. These carers are thought to save the taxpayer around

£132 billion per year by taking on roles which would otherwise be the responsibility of the state, however many have been forced into poverty as a result.

This symposium will provide a vital opportunity to bring unpaid carers to the forefront of discussions about health and social care.

### Youth Led Grants

The Youth Led Grants have just launched for 22/23 offering grants of **£500 and £1,000 for young people engaging in a youth led volunteering projects in Flintshire.**

The majority of young people involved must be between the ages of 14-25 years old. Projects can run until 28th February 2023.

To date, lots of different projects have been funded and we welcome applications that support one or more of the following 'Well-being of Future Generations Act (2015)' goals:

1. [A Prosperous Wales](#) - tackling poverty and improving life chances
2. [A Resilient Wales](#) - preparing and planning for the future
3. [A More Equal Wales](#) - giving everyone an equal chance

whatever their background

4. [A Healthier Wales](#) - encouraging healthy lifestyles
5. [A Wales of Cohesive Communities](#) - helping create happier communities
6. [A Wales of Vibrant Culture and Thriving Welsh Language](#) - creating opportunities in Wales and celebrating the Welsh language & Culture
7. [A Globally Responsible Wales](#) - looking after the environment and considering others

Projects should also consider their sustainability; how they could involve those people they are aiming to help in their project and whether they could link in with any similar projects in the area.
