

CHALLENGE YOURSELF

For action and adventure, fun and friendship, the Army Cadets is hard to beat. With around 39,000 cadets and 9,000 adults in more than 1,600 locations around the UK, the Army Cadets makes a big impact on young people, parents and local communities.

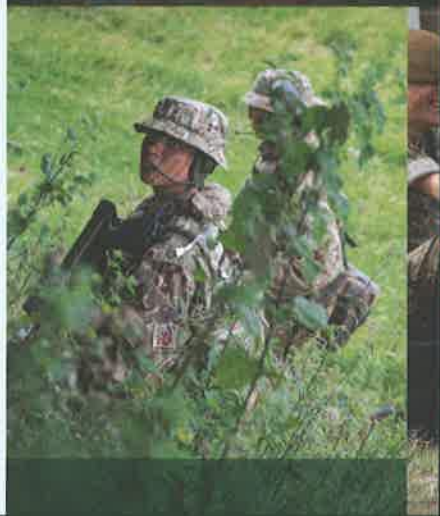

As a cadet, or an adult volunteer, you'll get the chance to experience a range of fun, challenging activities - some with a military theme, some not - that you can't find elsewhere.

Join us as a cadet (aged 12-18) and you'll experience new challenges that will help you to become more independent, confident and able to step up to any challenge. Join as an adult volunteer and we'll give you all the training you need to make a real difference to young people in your community. (You'll also be boosting your leadership skills and your CV, having fun and making lifelong friends).

So if you'd like a little more action and adventure in your life why not find out more?
